A WORD FROM... OUR CHAIRMAN

Since the beginning of my tenure I have been an ardent advocate of the fact that culture and the arts should belong to us all.

The democratization of culture and the increased accessibility of cultural activity became one of our missions. Anything less was deemed offensive to our values.

We, at the Valletta 2018 Foundation, have worked tirelessly to provide equal opportunities for everyone. Culture must never be elitist. Ensuring inclusivity became not only a priority, but a necessity.

It has been my team's prerogative to deliver a strong cultural programme that will unlock everyone's imagination.

There has been no compromise on quality, rather the opposite.

We want to entertain, challenge and provoke – but above all, we want to inspire!

This is a programme that encourages participation and co-creation for all, and we want to use this year to build and nurture meaningful interactions.

The arts open doors where there are walls; cultural activity promotes creative dialogue and exchange among diverse communities, proving an antidote to the division and prejudice that shape a large part of contemporary discourse.

This year-long programme is a celebration of our past, our present and, above all, our future.

KELMA MINGHAND... IĊ-ĊERMIEN TAGHNA

Sa mill-bidu tal-mandat tiegħi, kont promotur akkanit tal-fatt li l-kultura u l-arti għandhom jappartjenu lilna lkoll. Id-demokratizzazzjoni tal-kultura u l-aċċessibilità akbar tal-attività kulturali saret waħda mill-missjonijiet tagħna. Kwalunkwe haġa inqas kienet meqjusa ta' offiċja għall-valuri tagħna.

Ahna, fil-Fondazzjoni Valletta 2018, hdimna bla heda biex nipprovdu opportunitajiet ugwali għal kulhadd.

Il-kultura qatt m'għandha tkun elitista. L-iżgurar tal-inklussività sar mhux biss prijorità, iżda neċessità.

Il-prerogattiva tat-tim tiegħi kienet li nwasslu programm kulturali b'saħħtu li jolqot l-immaginazzjoni ta' kulhadd. Ma kien hemm l-ebda kompromess fuq il-kwalità, anzi pjuttost l-oppost. Ahna rridu noholqu divertiment, nisfidaw u nipprovokaw – iżda fuq kollox, irridu nkunu ta' ispirazzjoni!

Dan huwa programm li jinkoraġġixxi l-partecipazzjoni u l-kokreazzjoni għal kulhadd, u rridu nużaw din is-sena biex nibnu u nrawmu interazzjonijiet sinifikanti.

L-arti tiftaħ il-bibien fejn hemm il-hitan; l-attività kulturali tippromwovi djalogu kreattiv u skambju fost il-komunitajiet differenti, b'hekk isservi ta' antidotu għad-diviżjoni u l-pregudizzju li jiffurmaw parti kbira tad-diskors kontemporanju.

"Dynamism in arts and culture creates dynamism in the social and economic fabric of society."

We aim to galvanise people and encourage them to fulfil their talents. In fact, this cultural programme was devised in such a way as to help unleash everyone's potential.

I was always a firm believer in the transformative power of culture. It is fundamental for the emotional and intellectual growth of a nation.

We deem culture to be an investment towards our future. Dynamism in arts and culture creates dynamism in the social and economic fabric of society.

For the past five years, Valletta 2018 has been instrumental in the social, economic and cultural regeneration of Valletta, turning it into a thriving cultural and social hub.

I am proud of our work to date. Valletta is once more a vibrant capital city for people to work, meet and enjoy a night out. But this is just the beginning.

Above all, this Cultural Programme has been designed and built to leave a strong and lasting legacy that everyone can partake of for many years to come.

I encourage you to be bold and join this dream.

Jason Micallef

Chairman
Valletta 2018 Foundation

Dan il-programm ta' sena huwa celebrazzjoni tal-passat, tal-prezent u fuq kollox, tal-futur taghna. Ghandna l-ghan li nippromwovu u nheggu lill-persuni biex iwettqu t-talenti taghhom. Fil-fatt, dan il-programm kulturali gie mfassal b'tali mod li jghin biex jigi sfruttat il-potenzjal ta' kulhadd. Minn dejjem kelli fidi soda fis-setgha trasformattiva tal-kultura. Hija fundamentali ghat-tkabbir emozzjonali u intelletwali ta' nazzjon.

Ahna nqisu l-kultura bhala investiment lejn il-futur taghna. Id-dinamizmu fl-arti u fil-kultura johlqu d-dinamizmu fil-firxa soċjali u ekonomika ta' soċjetà.

Ghal dawn l-ahhar hames snin, Valletta 2018 kienet strumentali ghar-rigenerazzjoni soċjali, ekonomika u kulturali tal-Belt Valletta, u b'hekk saret centru kulturali u soċjali b'sahhtu. Ninsab kburi bil-hidma taghna s'issa. Il-Belt Valletta hija ghal darb'ohra belt kapitali vibranti biex fiha

n-nies jahdmu, jiltaqghu u jgawdu serata flimkien. Izda dan huwa biss il-bidu.

Fuq kollox, dan il-Programm Kulturali gie ddisinjat u mibni biex ihalli wirt b'sahhtu u dejjemi li kulhadd jista' jipparteċipa fih għall-hafna snin li gejjin. Inhegġgħkom tkunu avventuruzi u tinghaqdu magħna f'din il-holma.

A WORD FROM... OUR PARLIAMENTARY SECRETARY

Cultural activity is of the utmost importance as it enables us to better understand individual citizens as well as the society in which we live. It facilitates our appreciation of diverse aspects of society, such as family, social roles, equality, good mental health and team work.

The development of cultural policy necessitates a proactive approach. The cultural element has always been, and will remain, fundamental to the development of Valletta's identity, as it provides a basis for joint collaboration not only between the Government and other entities, but also with the citizens of Valletta themselves.

During Valletta's tenure as the European Capital of Culture, we should approach culture in a scientific, objective and rational way.

Valletta's distinctive identity is indeed clearly reflected in the way it meets the day-to-day needs of its residents.

In the near future, our capital city will become more vibrant, but it will also continue to work in the best interest, and in the service of, its local population.

All activities taking place in Valletta, and all political decisions taken around them, are designed to provide innovative services and resources, to ensure that the capital city is continuously enhancing the life of its citizens.

The capital city's infrastructure demonstrates how many of its key cultural aspects are the result of initiatives that have been operating for a significant period of time.

IS-SEGRETARJU PARLAMENTARI TAGHNA

L-attivitajiet kulturali huma ta' importanza kbira ghalieq permezz taghhom ahna nsiru aktar kapaċi nifhmu l-individwu kif ukoll is-soċjetà li nghixu fiha. Dawn jghinuna napprezzaw diversi aspetti tas-soċjetà bhal pereżempju l-familja, ir-rwoli ta' natura soċjali, l-ugwaljanza, is-saħha mentali u x-xogħol ta' grupp ta' nies li jahdmu flimkien.

L-iżvilupp tal-politika kulturali jehtieg inizjattivi proattivi. L-elementi kulturali minn dejjem kienu, u jibqgħu, fundamentali biex isawru l-identità tal-Belt Valletta għalix huma jipprovdu l-bażi għall-kollaborazzjoni kongunta tal-Gvern mhux biss ma' entitajiet ohrajn iżda wkoll maċ-ċittadini Beltin infushom. Fi żmien meta l-Belt Valletta se tkun il-Kapitali Ewropea tal-Kultura, il-kultura trid tiġi

ttrattata b'mod xjentifiku, ogġettiv u razzjonali. L-identità unika tal-Belt tidher b'mod l-aktar ċar fil-mod ta' kif hija taqdi lir-residenti tagħha fil-bżonnijiet taghhom ta' kuljum.

Fil-futur qarib, il-Belt Kapitali tagħna se tkun mimlija haġja iżda xorta waħda se tibqa' taħdem fl-interess u taqdi lin-nies li jghixu l-Belt. L-attivitajiet kollha li se jsiru hawnhekk u d-deċiżjonijiet politiċi kollha

"In the near future, our capital city will become more vibrant, but it will also continue to work in the best interest, and in the service of, its local population. "

This work has reinforced some of the key concepts that contribute to the evolution of our capital's identity thanks to continuous dialogue with all stakeholders, and most significantly with its residents.

Our primary concern is to instigate change that resonates beyond the year 2018. Everyone should be able to enjoy life in our capital, one that's characterized by acts of good governance and leadership that are able to overcome potential challenges.

Maltese residents and visitors can look forward to a treasure-trove of thoughtfully-crafted activities that showcase the unique character of our capital city throughout the year 2018!.

se jkun qed jittiehdu bil-ghan li jipprovdu servizzi u rizorsi innovattivi biex il-Belt Kapitali se tkun, fl-ahhar mill-ahhar, qed ittejjeb il-hajja tar-residenti taghha.

L-infrastruttura tal-Belt Kapitali taghna turina li hafna mill-aspetti kulturali ewlenin tal-lum huma rizultat ta' hidmiet li ilhom ghaddejjin ghal tul ta' zmien. Dan ix-xoghol kompli jsahhah certi kunċetti importanti

ghall-izvilupp tal-identità tal-Belt Kapitali taghna permezz ta' djalogu kontinwu mal-partijiet ikkonċernati, speċjalment mar-residenti. L-ghan ewleni taghna huwa li ssehh bidla li tkompli ghaddejja wara s-sena 2018. Kulhadd ghandu jkollu ċ-ċans li jgawdi l-hajja fil-Kapitali taghna, wahda li ghandha tkun ikkaratterizzata minn governanza tajba u stil ta' tmexxija li teghleb kull tip ta' tfixkil.

Kemm il-Maltin kif ukoll it-turisti jistghu jharsu 'l quddiem għall-attivitajiet mahsuba li juru l-karattru uniku tal-Belt Kapitali taghna matul is-sena 2018!!

A WORD FROM... OUR MINISTER FOR CULTURE

It is an honour to be the Minister for Culture during such an important event, when Valletta is set to enjoy the prestigious title of European Capital for Culture (ECoC). During this year, all eyes will be on our beautiful capital city of Valletta, so full of history and culture. It's a time that sees the Maltese Islands being placed on an international platform.

Besides, the strategic geographical position of Malta, between Africa and Europe, also makes our Islands the perfect place to host an event like the ECoC, where building bridges and bringing different cultures together is of prime importance.

This title has enriched our Islands and brought value to Valletta, both culturally and economically.

In fact, during the past few years, we have managed to make Valletta a cultural hub once again – not only through the sites and museums that attest to our capital's rich history, but through a vibrant cultural calendar full of events that have restored Valletta's splendour and breathed new life into its streets.

However, the reach of our Cultural Programme extends far beyond Valletta 2018. The traditions and creative networks established over the course of our Cultural Programme have been designed to create a legacy that continues to thrive and evolve well beyond 2018, and which compliments the Government's commitment towards the three main priorities of the cultural sector.

IL-MINISTRU GHALL-KULTURA TAGHNA

Huwa unur li nkun il-Ministru għall-Kultura matul avveniment daqshekk importanti, meta l-Belt Valletta se tkun qed tgawdi mit-titolu prestigjuż ta' Kapitali Ewropea tal-Kultura (KEtK). Matul din is-sena, kulhadd se jkollu harstu fuq il-belt kapitali taghna, il-Belt Valletta, li hi mimlija b'tant storja u kultura. Dan huwa żmien li se jpoġġi lill-Gżejjer Maltin fuq pjattaforma internazzjonali. Barra minn hekk, il-pożizzjoni ġeografika strateġika ta' Malta,

bejn l-Afrika u l-Ewropa, taghmel lill-Gżejjer taghna post perfett biex tospita avveniment bħall-KEtK, fejn l-importanza ewlenija hi li nibnu rabtiet u nġhaqqdu flimkien kulturi differenti.

Dan it-titolu arrikkixxa lill-Gżejjer taghna u ġab valur lill-Belt Valletta, kemm kulturalment kif ukoll ekonomikament. Fil-fatt, matul dawn l-aħhar snin, irnexxielna naghmlu lill-Belt Valletta nukleu kulturali mill-ġdid – mhux biss permezz tas-siti u

l-mużewijiet li huma prova tal-istorja rikka tal-kapitali, iżda wkoll permezz ta' kalendarju kulturali vibranti mimli avvenimenti li rrestawraw l-isplendur tal-Belt Valletta u taw hajja ġdida lit-toroq taghna.

Madankollu, il-firxa tal-Programm Kulturali taghna testendi lil hinn minn Valletta 2018. It-tradizzjonijiet u n-netwerks kreattivi li ġew stabbiliti matul il-kors tal-Programm Kulturali taghna ġew imfassla biex jinholoq wirt li jkompli jikber u jevolvi

"All our cultural initiatives are based on three pillars: bringing culture closer to the people, increasing professionalism in the sector and making culture a contributor towards economic growth..."

All our cultural initiatives are based on three pillars: bringing culture closer to the people, increasing professionalism in the sector and making culture a contributor towards economic growth, both through tourism and the creation of new employment opportunities. These priorities were the basis of several events and initiatives taken up by Valletta 2018.

Besides the organisation of several events, during the past years we have also strived to restore several iconic buildings located in Valletta. We truly believe that we should protect our cultural heritage and the advent of Valletta 2018 is the perfect time to enhance Malta's cultural patrimony.

All cultural sites should be enjoyed by everyone and all the restoration works ensure that this is made possible even after Valletta 2018.

I look forward to hosting the ECoC during 2018 and hope that the cultural spirit that's been revived in Valletta will outlive this event and be instilled in the hearts of all our citizens. May this event help us achieve our goal of giving culture the important place that it deserves in our society.

Hon. Dr Owen Bonnici

Minister for Justice, Culture
and Local Government

lil hinn mill-2018, u li jikkumplimenta l-impenn tal-Gvern lejn it-tliet prioritatijiet ewlenin tas-settur kulturali. L-inizjattivi kulturali taghna kollha huma bbażati fuq tliet pilastri: li ngibu l-kultura eqreb lejn n-nies, li nzidu l-professjonalità fis-settur u li naghmlu l-kultura kontributur għat-tkabbir ekonomiku, kemm permezz tat-turiżmu kif ukoll permezz tal-holqien ta' opportunitajiet godda ta' impjeg. Dawn il-prioritatijiet kienu l-bażi ta' bosta avvenimenti u inizjattivi mehuda minn Valletta 2018.

Minbarra l-organizzazzjoni ta' bosta attivitajiet, matul is-snin li għaddew għamilna sforz biex nirrestawraw bosta binjiet ikoniċi li jinsabu fil-Belt Valletta. Nemmnu bis-shih li għandna niproteġu l-wirt kulturali taghna, u l-wasla ta' Valletta 2018 hija ż-żmien perfett biex insaħhu l-patrimonju kulturali ta' Malta. Is-siti kulturali kollha għandhom jitgawdew minn kulhadd, u x-xogħlijiet ta' restawr jiżguraw li dan isir possibbli anke wara Valletta 2018.

Ninsab heqan biex nospita l-KETK matul l-2018 u nittama li l-ispiritu kulturali li reġa' tqajjem fil-Belt Valletta jibqa' haġ wara din l-attività u jibqa' fil-qlub taċ-ċittadini kollha taghna. Nawgura li din l-attività tghinna nilhqu l-ghan taghna, dak li nagħtu l-post importanti li jixirqilha l-kultura fis-soċjetà taghna.

A UNIQUE CITY // A UNIQUE EXPERIENCE

Malta and Gozo can be likened to tiny but vibrant stages packed with drama, excess and exuberance constantly playing out in close quarters, amid tight-knit communities; all the while, these small island scenarios have co-existed with the comings and goings afforded by our harbours, and today they walk alongside ever-growing international connections.

The strategic geography of the Maltese Islands – which places them right between Europe and Africa – thus puts our communities in a unique position to host such a diverse cultural celebration as the European Capital of Culture. And our Mediterranean style is another valuable feature of the Islands' identity, capable of reaching out to the varied and valuable perspectives that surround it.

BELT UNIKA // ESPERJENZA UNIKA

Malta u Għawdex jistghu jitgabbli ma' palk ċkejken li jrid jispodi bit-teatralità, biż-żejjed u bl-eżuberanza tal-komunitajiet familjari li jiffurmawhom; xi drabi kantuniera bogħod u drabi ohra taht imniehrek jew fuq l-ghatba ta' biebek. Fl-istess hin, il-koll kemm huma għexu wkoll it-teatru tal-miġġiet u tat-tislimiet fil-portijiet, u llum ikompli jistagħnew minn konnessjonijiet li jmorru lil hinn minn xtutna.

Għalhekk, il-pożizzjoni strateġika ta' Malta, geografikament imqiegħda f'nofs il-baħar Mediterran bejn l-Ewropa u l-Afrika, hija pożizzjoni unika li tagħtina stil uniku; pjattaforma u ċirkostanzi ideali għal Kapitali Ewropea tal-Kultura li tiċċelebra d-diversità ta' kulturi u li twassal perspettivi iktar varji u iktar profondi.

A UNIQUE CITY // A UNIQUE EXPERIENCE

HOW DO WE CELEBRATE ISLAND LIFE?

c. Tomoko Goto

Maltese celebrations are best known for their brightness and exuberance. Since local tradition is steeped in passion, enthusiasm and flair, we're set to celebrate our European Capital of Culture year through the best festive language we know – that of the traditional Maltese *fešta*, as experienced in the most present and contemporary sense.

For the Maltese, the village *fešta* – or village feast – conjures up crowded streets lined with gold-leaf pillars, bright lights and banners, boisterous laughter, and the sight of fireworks as they fly up and unfurl against the sky.

And while such exhilarating moments may be fleeting, the community celebrations and the spirit of the *fešta* are bound to linger about a locality long after such sights, sounds and smells have faded into the night air.

The traditional Maltese *fešta*, in short, is an event where people and families meet to celebrate and talk; it serves to infuse our localities with warmth, life and colour, while bringing the community together. And this is why we wish our European Capital of Culture year to look to this enduring celebration for inspiration.

BELT UNIKA // ESPERJENZA UNIKA

KIF NIĊĊELEBRAWHA L-ĦAJJA TAL-GŻIRA?

Iċ-ċelebrazzjonijiet Maltin huma maghrufa l-iktar ghat-tlellix u l-eżuberanza tagħhom. Galadarba t-tradizzjoni lokali hija magħgħuna fil-passjoni, fl-entuzjażmu u fil-hila kreattiva, ninsabu lesti biex niċċelebraw il-Kapitali Ewropea tal-Kultura bl-aħjar lingwa festiva li nafu – dik tal-festa tradizzjonali Maltija kif esperjenzata fil-għurnata tal-lum.

Għall-Maltin, il-festa tar-rahall hija sinonima ma' folol ta' nies li jinżlu fit-toroq u johonqu l-ispażju li jifdal madwar il-kolonni indurati, mal-pavaljuni jaqsmu min-naha għall-ohra

tat-triq, mad-dija tal-fustuni li jixeghluhom, mal-atmosfera ferrihija, u mal-logħob tan-nar meraviljuż li jispara lejn is-sema u jiftah biex ikompli jsebbah il-lejl. U għalkemm mument ewforiċi bħal dawn ma jdumux ma jispiċċaw, iċ-ċelebrazzjonijiet tal-komunità u l-ispiritu festiv jitnikkru u jibqgħu jimiru l-lokalità ferm wara li l-viżjonijiet, il-hsejjes u l-irwejjah distintivi jegħbu fil-hemda tal-lejl.

Fi ftit kliem, il-festa tradizzjonali Maltija hija avveniment fejn in-nies u l-familji jinghaqdu biex jiċċelebraw u jgħidu

c. Carl Farrugia

c. Michele Agius

Making our European Capital of Culture experience fruitful, inviting, living, breathing, surprising and delightful is no small feat. The great energy of the *festa* is held up by the active participation of different people and the meeting of ritual, passion, drama and community. Similarly, the success of Valletta 2018 requires the initiative, enthusiasm, talent and collaboration of people from all walks of life, who willingly give their time to contribute to our Cultural Programme. Any European Capital of Culture is therefore bound to flourish when valuable contributions from all communities come together to create a wonderful shared experience.

In 2018, our European Capital of Culture celebrations invite such close creative collaborations between people of different backgrounds on an Island-wide scale, as well as on a European, and even global, level. As we unite to bring a truly unique year of contemporary culture to our capital city, it's time to forge long-lasting friendships and new traditions that allow for open dialogue, creativity, innovation and collaboration all over our Island – and beyond – for generations to come.

kelma; isservi biex timlielna l-lokalitajiet bil-hbubija, bil-hajja u bil-kuluri, waqt li tghaqqdilna l-komunitajiet. U din hija proprju r-raġuni ghalix nixtiequ li s-sena taghna tal-Kapitali Ewropea tal-Kultura thares lejn diċ-ċelebrazzjoni dejjiema għall-inspirazzjoni.

Biex l-esperjenza tal-Kapitali Ewropea tal-Kultura naghmluha waħda mimlija hajja, pjaċevoli u sorprendenti biżżejjed li thajrek tkun parti minnha, biex tant tkun produttiva li tmanjni u tterraq lilha nfisha, mhux faċli. L-enerġija tal-festa tibqa' dik li hi permezz

tal-partecipazzjoni attiva, il-laqgħat regolari, il-passjoni, l-azzjoni u l-ghaqda tad-diversi nies li jahdmu għaliha. Simili għal dan, is-suċċess ta' Valletta 2018 jiddependi fuq l-inizjattiva, l-entuzjażmu, it-talent u l-kollaborazzjoni ta' nies gejjin minn oqsma differenti li lesti jagħtu l-hin prezzjuż tagħhom biex jikkontribwixxu għall-Programm Kulturali tagħna. Għalhekk, kwalunkwe Kapitali Ewropea tal-Kultura tkun mistennija tiffjorixxi meta l-komunitajiet kollha jingħaqdu f'forza waħda u jagħtu l-kontribut tagħhom biex johlqu esperjenza mill-isbaħ.

Fl-2018, iċ-ċelebrazzjonijiet tal-Kapitali Ewropea tal-Kultura jheggu dawn l-incontri kreattivi bejn nies bi sfond differenti kemm fuq l-iskala ta' għira kif ukoll fuq il-livell Ewropew u dak globali. Hekk kif ningħaqdu biex inwasslulkom sena ta' kultura kontemporanja tassew unika fil-belt kapitali tagħna, wasal iż-żmien li noholqu hbiberiji dejjiema u tradizzjonijiet ġodda li jippermettu d-djalogu miftuħ, il-kreattività, l-innovazzjoni u l-kollaborazzjoni madwar il-gżejjir tagħna – u lil hinn minnhom – għal generazzjonijiet futuri.

ISLAND STORIES

What's island life really like, anyway? A close look at island life soon reveals that there's more than one narrative at play. The perspectives that Island Stories seeks to draw out portray vivid, timely pictures of life on our shores. Valletta 2018's Cultural Programme resonates with distinctly Mediterranean narratives steeped in our salty island air. They're stories about the Islands' realities, their communities and the spaces they use; of how old spaces are – or could be – used for new things, and of how to create new spaces inside which one may appreciate tradition.

STEJJER TA' GŻIRA

Jigifieri l-hajja ta' gżira kif tkun? Harsa mill-qrib lejn il-hajja ta' gżira troddilna lura numru ta' narrattivi li jinteraġixxu flimkien. Il-perspettivi li jfittxu li jtellghu fil-wieċ l-Istejjer ta' Gżira huma immaġni hajjin u minghajr konfini ta' żmien u ħin. Il-Programm Kulturali ta' Valletta 2018 jidwi b' narrattivi Mediterranji mwahhdin mal-hsejjes naturali tal-gzejjer. Huma stejjer dwar ir-realtajiet, il-komunitajiet u l-ispazji taghhom; dwar kif spazji qodma qeghdin – jew jistghu – jiġihaddmu mill-ġdid biex iweildedu spazji godda li fihom wiehed jista' japprezza t-tradizzjoni.

FUTURE BAROQUE

Future Baroque is a way of life – an extravagance that's part and parcel of our daily rhythms. Our capital speaks the language of the Baroque as loudly as its architecture. Today, communities engage with the fabric of the city as it is developed and rethought across time, making it a stage where life and ideas are constantly evolving; the colourful banners that line the streets may boast of material riches, but they also create spontaneous soundscapes of revelry and joy, a spirituality suspended between tradition and the contemporary. The art of spectacle is what Future Baroque brings to Valletta 2018.

BAROKK FUTUR

Il-Barokk Futur huwa mod ta' ghaxien – stravaganza integrali mir-rutina taghna. Il-belt kapitali taghna titkellem l-istess lingwa Barokka tal-arkitektura taghna. Illum il-gurnata, il-komunitajiet jinteragixxu mal-belt hi u tiżviluppa u tinhaseb mill-ġdid. Ghalhekk, il-Belt Valletta ssir palk li fuqu joqogħdu l-hajja u l-ideat li jevolvu u jibqgħu jiżviluppaw sakemm jiehdu xejra oħra; l-ornamenti mlewna, bħall-pavaljuni mtellghin fit-toroq għall-karnival jew għall-festa, jiftahru b'rikkezza liema bħalha, imma joħolqu wkoll fratterija spontanja ta' ferh u divertiment li tpaxxi 'l widnejn, tip ta' spiritwalità sospiża xi mkien bejn it-tradizzjonali u l-kontemporanju. Il-Barokk Futur iwassal l-arti tal-ispettaklu lil Valletta 2018.

VOYAGES

Valletta 2018 is an opportunity to celebrate life and creativity in our capital while nurturing vital dialogue; it provides a space in which to challenge dominant perspectives, and extends a hand of friendship to all artists and creatives. As we strive to recreate a sense of belonging in an age of cultural diversity, we have the power to give diverse communities a platform for expression and the necessary networks to support meaningful exchange.

VJAĠĠI

Valletta 2018 hija opportunità biex niċcelebraw il-hajja u l-kreattività fil-belt kapitali waqt li nipromwovu djalogu vitali; tipprovdi spazju fejn jiġu sfidati perspettivi dominanti, u toffri għajnuna u hbiberija lill-artisti u l-kreattivi kollha. L-ispirtu tal-Vjaġġi jikkomunika sens ta' miġja, ta' ġabra mal-wasla, u ta' solidarjetà – jirrappreżenta spazju pożittiv li kapaċi jospita inkontri sinifikanti mal-ġirien tiegħu u jhegġeġ inkontri bejn il-ġirien infushom, kemm fil-Mediterran kif ukoll lil hinn minnu. Waqt li nhabirku biex noħolqu mill-ġdid sens t'appartenenza fi żmien ta' diversità kulturali, għandna wkoll is-setgħa li nipprovdu pjattaforma għall-espressjoni u l-kuntatti neċessarji lil komunitajiet differenti biex jiġu appoggjati skambji ta' valur.

14 - 21 January 2018 // Opening Week

20 January 2018 // Official Opening Ceremony & Celebrations

Valletta 2018 is an exciting year-long celebration – a cultural programme that starts in our capital city and reaches out to towns and villages all over Malta and Gozo. Our Opening Week draws crowds to the heart of Valletta with music and entertainment, street artists and performers spreading word of the Opening around the capital's streets, exhibitions set in diverse venues around the city, open days that re-discover Valletta's fascinating historical spaces, community storytelling events centred around the city's residents and the spaces they use, and much more.

At the centre of our grand *fešta* are the joy, dance, music and revelry that fill Valletta's four main squares – St George's Square, St John's Square, Castille Square, and the area around the Triton Fountain – where the Catalan theatrical group, *La Fura dels Baus*, blurs the line between audience and performer with outdoor acrobatics, while *ŻfinMalta* offer contemporary dance performances. Throughout our celebration, digital projections, video art and choral symphony lend the capital a wondrous and magical atmosphere. And all over on the city, travelling bands and performers take the festivities to the streets, inviting residents and visitors all over the Maltese Islands to take part in this spectacular celebration.

CARNIVAL

9 – 13 February 2018

Valletta

c. Jonathan Borg

The Maltese carnival is one of Malta's oldest festivities, harking back to the rule of the Knights of the Order of Saint John. Today, this colourful event is celebrated across the Maltese Islands, with the boldest and brightest activities centred in the capital city of Valletta. For four days, the city's historic streets come to life with marching bands, fancy dress competitions and dancers in elaborate costume. But the highlight of this age-old celebration is certainly the carnival float parade that features all manner of impressive handmade floats – some allegorical, some satirical and others just plain fun, fantastical and whacky.

KARNIVAL

9 – 13 ta' Frar 2018

Il-Belt Valletta

Il-Karnival Malti huwa wiehed mill-egdem festi ta' Malta, li jmur lura għall-hakma tal-Kavallieri tal-Ordni ta' San Ġwann. Illum, din l-attività kkulurita tiġi ċelebrata madwar il-Gżejjer Maltin, bl-ikbar u l-aqwa attivitajiet fiċ-ċentru tal-belt kapitali, il-Belt Valletta. Għal erbat ijiem, it-toroq storiċi tal-belt jiehdu l-hajja bil-baned, kompetizzjonijiet

tal-kostumi u zeffiena bi lbies elaborat. Iżda l-qofol ta' din iċ-ċelebrazzjoni antika hija, minghajr ebda dubju, il-parata tal-karrijiet tal-karnival li tinkludi kull xorta ta' karrijiet maghmula bl-idejn – xi whud allegorici, xi whud satirici u ohrajn sempliċiment divertenti, fantastici u mhux tas-soltu.

EU—JAPAN FEST WEEKEND & COLLABORATIONS

// TMIEM IL-ĠINGHA EU-JAPAN FEST U KOLLABORAZZJONIJIET, pg. 26

Created and Organised by // Mahluq u Organizzat minn: Valletta 2018

In Collaboration with // Bil-Kollaborazzjoni ta': Valletta Design Cluster, EU-Japan Fest Japan Committee

Since 1992, the EU-Japan Fest Japan Committee has supported valuable exchanges between every European Capital of Culture and Japan. It also promotes cultural exchange across projects that have already benefitted from the support of the Committee.

In 2018, our Cultural Programme is hosting diverse partnerships with EU-Japan Fest that blend traditional practices with contemporary art and design, while also establishing strong creative and professional networks between Japanese and European communities.

Tetsuo Kondo Architects have teamed up with the Restoration Directorate's architecture team to develop the concept and design for the roof garden of the **Valletta Design Cluster's** new premises.

IL-ĠAPPUN U VALLETTA 2018

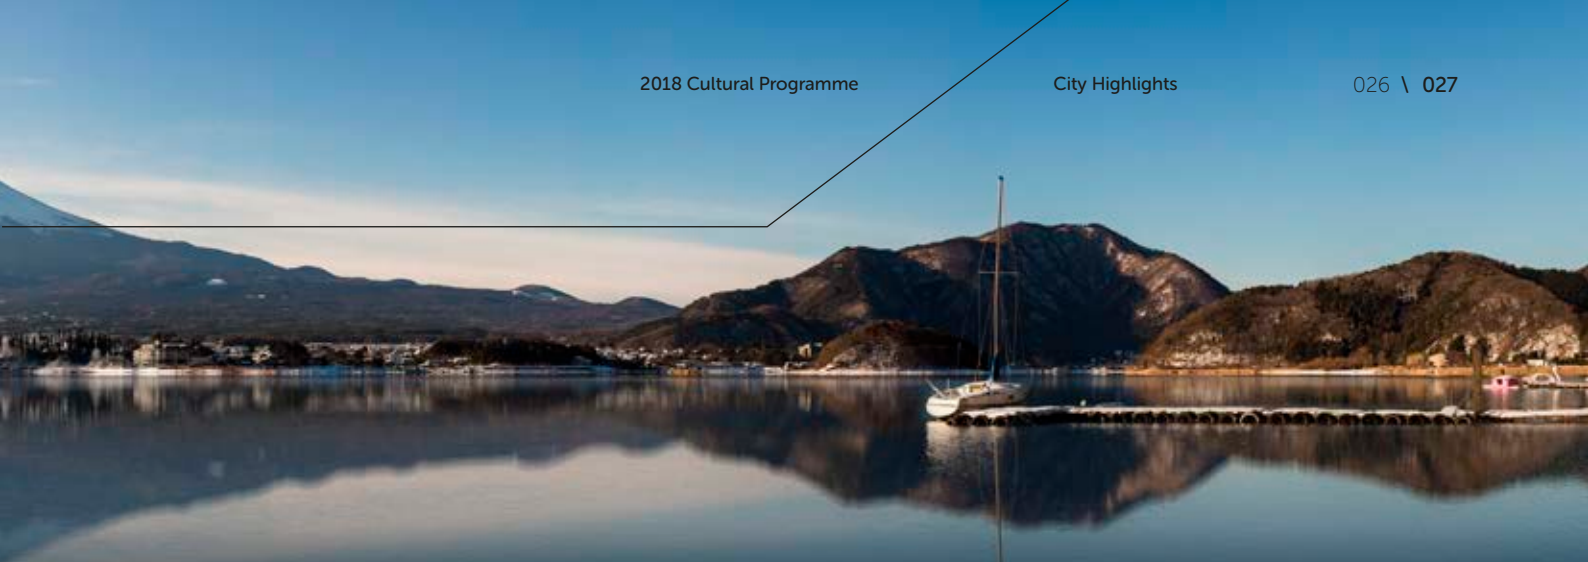

TMIEM IL-ĠINGHA EU-JAPAN FEST U KOLLABORAZZJONIJIET

Sa mill-1992, il-Kumitat EU-JAPAN Fest appoġġja l-iskambji ta' valur bejn kull Kapitali Ewropea tal-Kultura u l-Ġappun. Il-Kumitat jippromwovi wkoll l-iskambju kulturali fi proġetti li diġa bbenefikaw mill-appoġġ tal-Kumitat.

Fl-2018, il-Programm Kulturali taghna se jospita diversi shubijiet mal-EU-Japan Fest li jghaqqdu prattici tradizzjonali mal-arti kontemporanja u d-disinn, filwaqt li jistabbilixxi wkoll netwerks

kreattivi u professjonali b'sahhithom bejn il-komunitajiet Gappuniżi u Ewropej.

Tetsuo Kondo Architects inghaqdu flimkien mat-tim tal-arkitettura tad-Direttorat tar-Restawr biex jiżviluppaw il-kunċett u d-disinn tal-ġnien ta' fuq il-bejt **fil-bini l-ġdid tal-Valletta Design Cluster**. Ir-restawr, li se jsir fis-sit tal-Biċċerija l-Qadima fil-Belt Valletta, jifforma parti minn inizjattiva akbar immexxija minn Valletta 2018, li hija ddedikata ghar-rijabilitazzjoni

Located at the Old Abattoir site in Valletta, the restoration forms part of a larger initiative run by Valletta 2018, which is devoted to rehabilitating the site into a fully-functional creative industries cluster by 2019.

The EU-Japan Fest Committee is also involved in projects that experiment with traditional forms and themes in contemporary ways. Inspired by Valletta 2018's major multi-site exhibition, *Dal-Baħar Madwarha*, the Valletta Design Cluster

is collaborating with Atelier Omoya to bring an installation titled **'Book in the Sea'** to the Grand Harbour. This artwork by Glen Calleja gathers a team of international designers to implement an innovative technology designed to create Maltese text using underwater bubbles. Meanwhile, the project **'Tactile'** by Jesmond Vella investigates traditional Japanese printmaking techniques and the way visually impaired persons experience art, whilst Modern Music

Days collaborates closely with contemporary Japanese composers. Several exhibitions and events involving Maltese, Japanese and other international artists will be held in 2018.

The upcoming EU-Japan Fest Weekend adds to Valletta 2018's international dimension by supporting diverse activities that celebrate collaboration across disciplines and communities.

tas-sit f'ċentru tal-industriji kreattivi kompletament funzjonali sal-2019.

Il-Kumitat EU-Japan Fest huwa involut ukoll fi proġetti li jesperimentaw b'forom u temi tradizzjonali b'modi kontemporanji. B'inspirazzjoni mill-esibizzjoni ewlenija mifruxa fuq bosta siti ta' Valletta 2018, *Dal-Baħar Madwarha*, il-*Valletta Design Cluster* qed jikkollabora ma' Atelier Omoya biex iwassal installazzjoni intitolata

'Book in the Sea' lejn il-Port il-Kbir. Dan ix-xogħol tal-arti ta' Glen Calleja jiġbor tim ta' disinjaturi internazzjonali biex jimplimentaw teknoloġija innovattiva ddisinjata biex jinholq test bil-Malti bl-użu ta' bżieġaq taħt l-ilma. Sadanittant, il-proġett **'Tactile'** ta' Jesmond Vella jinvestiga t-tekniki tal-istampar tradizzjonali Ġappuni u l-mod kif persuni neqsin mid-dawl jinterpretaw l-arti, filwaqt

li *Modern Music Days* jikkollabora mill-qrib ma' kompożituri kontemporanji Ġappuni. Bosta esibizzjonijiet u attivitajiet li jinvolvu artisti Maltin, Ġappuni u oħrajn internazzjonali se jsiru fl-2018.

It-**Tmiem il-Ġimgha EU-Japan Fest** li ġej iżid mad-dimensjoni internazzjonali ta' Valletta 2018 billi jappoġġja diversi attivitajiet li jiċċelebraw il-kollaborazzjoni bejn id-dixxiplini u l-komunitajiet.

Over three days, the conference explores the legacy of the Valletta 2018 European Capital of Culture (ECOC) title locally and across the European spectrum. Topics discussed range from the creation of community projects to the regeneration of previously derelict areas in Valletta, all of which can foster a more vibrant and diverse city. The conference is an invitation to assess and discuss the changing nature of the city and the future of cultural activity in Valletta. These reflections allow for a deeper understanding of the long-term residual impact of the cultural, social and economic regeneration that took place in Valletta in the run-up to and throughout 2018, ahead of the presentation of the Evaluation and Monitoring results which will take place in 2019.

What does life on the Maltese Islands look like to you and your neighbours? This project calls on the residents of six different localities – Valletta, St Paul's Bay, Hamrun, Birżebbuġa, Gżira, Victoria (Gozo) – to create subjective maps of the spaces they live and work in. Through open workshops, Subjective Maps encourages individuals to make new connections, share stories and exchange maps that place our localities in a different light. This initiative also explores the rapidly-changing communities of the Islands, mapping cosmopolitan public spaces that welcome diversity and encourage communal visions for towns, villages and cities. 2018 will see the results of the mapping exercises coming together in a final installation.

Already a staple of the cultural scene in Naples, Altifest brings a fresh and exciting programme to Valletta 2018. This alternative performing arts festival has been on the lookout for 'space donors' all over Malta, taking local residents up on offers to host cultural events inside private homes and community spaces. Artists in the Altifest network have been working in close contact with their host communities, forging relationships and engaging in dialogue to produce original artwork for the festival. The result is a showcase of performing arts taking place across four different regions in Malta and which audiences can follow along the festival's circuit. Altifest's grassroots approach encourages multicultural exchange, giving rise to new ways of thinking about the role of contemporary art in cities.

Upon entering, audience members are handed a 'lottery ticket' that invites them to take part in an interactive journey centred around the *Rulina* and traditional Maltese games. The wheel of fortune determines the progress and flow of the compositions being performed and the result mirrors the playfulness that games offer. Accompanying the merriment, an introductory piece will be played by twenty-eight musicians on traditional Banda instruments. EXILED HOMES

1 – 30 June 2018 // Art Exhibition

Old Hospital, Mqabba

c. Virginia Monteforte

A significant change in home-based care for the elderly has taken place on the Maltese Islands over the past decades through the employment of Filipino carers and helpers. This project explores the stories of Filipino caretakers and their employers, whilst illustrating the power that art can have in passing on a political message to the public. An art exhibition led by artists Aglaia Haritz and Abdelaziz Zerrou highlights the experiences collected throughout the project, which are also set to be published in 2018. By gathering the stories of vulnerable groups on the Islands, Exiled Homes brings out the differences and similarities between the lives of Maltese and Filipino people, fostering tolerance and intercultural collaboration.

DOWN MEMORY LANE – TOI TOI

29 July 2018 // 5:30 pm

30 July 2018 // 10 am

Teatru Manoel, Valletta

Many people remember the nostalgia associated with the *Rediffusion*; waiting eagerly for programmes to air, especially entertainment and music ones. Many also remember Gaetano Buttigieg (Gaetano Kanta), who had the marvellous skill of translating and adapting popular Italian and English songs of the time into Maltese. His lyrics portrayed scenes from our past; scenes we can still enjoy to this day. The variety of songs remind us of our past and serve as a documentation of society in his era. Down Memory Lane consists of a concert which re-discovers the memories of our senior audience; it's a night of entertainment which will take them back to their childhood and adolescence, while opening a window onto 20th century society.

Hafna jiftakru wkoll lil Gaetano Buttigieg (Gaetano Kanta), li kellu hila li timmeravilja, li jaqleb u jaddatta kanzunetti popolari bit-Taljan u bl-Ingliż għall-ilsien Malti. Il-lirika tiegħu kienet dwar xeni mill-imghoddi ta' pajjiżna; xeni li għadna

RIMA

5 - 28 October 2018 // Final Exhibition

St James Cavalier, Valletta

c. Virginia Monteforte

'Rima' is a Maltese word used to describe the ripple that a boat leaves behind as it moves across the water; it also means 'rhyme'. Together, these connotations reflect the themes of departure, exile, detachment, trace and desire that RIMA explores through a series of creative collaborations produced by artists, scholars and migrants. Since its inception in 2014, the project has published a collection of migrant narratives and images in the book, *Undertow: Poetics of Displacement*, published with EDEBooks (Malta), produced diverse workshops and public events, launched a sold-out theatrical performance and produced a successful migrant film festival with *Archivio delle Memorie Migranti* (Rome). The year 2018 sees more workshops taking place, the production of a short movie, a film festival and a final exhibition that showcases work produced.

EQUALITY IN MUSIC

27 October 2018

Venue TBC

The Radio Valo Malta Team within the Down Syndrome Association has teamed up with the Special Music Centre Resonaari in Finland to make music education accessible to resident youths with intellectual disability. During 2017, funds from 'The President Award for Creativity' have enabled these young people to experience music learning through the Figurenotes notation system – an Easy-To-Read format that Director of the Resonaari Centre, Mr Markku Kaikkonen, has developed together with his colleague, Mr Kaarlo Uusikylä. Equality in Music builds on the project's achievements and seeks to expand its benefits to more young music lovers whose needs are seldom catered for by local music classes. These lessons also offer opportunities to develop teamwork skills in preparation for a final group performance in 2018.

Various Sites Across Malta & Gozo

c. Jonathan Borg

Naqsam il-MUŻA is an innovative exercise in community curation that brings art and resident communities together. *Naqsam il-MUŻA* fosters a spirit of interaction through culture, where individuals select pieces of art from the national collection that will soon be housed in MUŻA – Malta's new national art museum – and share their thoughts with the rest of their community. Since its launch in 2016, this project has engaged several communities in Malta with the national collection; through interactions with paintings and other artefacts, diverse groups and individuals have responded to the environment and realities of our Islands in a social setting that allows communities to exchange ideas and experiences. The resulting insights and debates range from the personal to the political and are often unexpected and surprising reactions to established and canonical cultural material.

Magna Żmien is a time travelling memory machine, for the regional collection of sound and vision memory artefacts, which may exist in personal and family collections in Malta and Gozo. The project presents a unique opportunity to collect, digitise and preserve local memories and oral histories that may have been documented in recent decades on records, audio tape, cassette and film and that would otherwise be lost, due to their obsolete formats and rapid disintegration. The digitised material on these analogue artefacts contributes to the development of a popular narrative, providing content for research purposes and artistic intervention to feed a parallel calendar of events throughout our European Capital of Culture year. *Magna Żmien* proposes a model for access to archival content while evoking thought on collective memory and the use and relevance of archival content.

POETRY IN POTATO BAGS

Ongoing

c. Francesca Mercieca

Since the 1850s, Leeuwarden and Malta have shared agricultural ties, exchanging potato crops and seeds twice yearly. Once the seed potatoes come from Leeuwarden, Maltese farmers plant them and grow potatoes, which are then shipped back to Leeuwarden. The Poetry in Potato Bags project makes use of this cycle to exchange poetry in Maltese, Frisian and English along with the agricultural produce, while celebrating the shared European Capital of Culture title in 2018. Through this project, we have created a chain in which potatoes nourish poetry and in turn, poetry nourishes the brain, acting as food for thought. The project seeks to foster a higher awareness of cultural diversity and to increase appreciation of and exposure to literature and modes of translation.

POETRY IN POTATO BAGS

Kontinwu

Sa mill-1850, Leeuwarden u Malta kellhom rabtiet agrikoli komuni, billi jpartu prodotti tar-raba' u żerriegħa tal-patata darbtejn fis-sena. Malli ż-żerriegħa tal-patata tasal minn Leeuwarden, il-bdiewa Maltin jżirghuha u jkabbru l-patata, li mbagħad jibagħtuha lura Leeuwarden. Il-proġett Poetry in Potato Bags juża dan iċ-ċiklu biex jiskambja l-poeżija bil-Malti, bil-Frizjan u bil-Ingliż flimkien mal-prodotti agrikoli,

filwaqt li jiċcelebra t-titlu kondiviż tal-Kapitali Ewropea tal-Kultura fl-2018. Permezz ta' dan il-proġett, hloqna katina li fiha l-patata ttuq lill-poeżija biex imbagħad, min-naħa l-oħra, il-poeżija ttuq lill-moħħ billi ttipprovdi l-materja prima għall-hsieb. Il-proġett jipprova jrawwem kuxjenza oghla dwar id-diversità kulturali u jkattar l-apprezzament u l-esponiment għal-letteratura u għall-modi tat-traduzzjoni.

Funded through the Multi-Annual Fund, the project sees Arts Council Malta and Valletta 2018 teaming up to build meaningful creative relationships and professional connections between Malta's contemporary art scene and an international curatorial network. Transformer is bringing diverse creative practitioners together through curatorial research visits, residencies, public talks, workshops and a series of site specific exhibitions in spaces across Malta. These initiatives stem from various collaborations between project partners based in Malta, Spain, Morocco and Greece, with the aim of building a network to support Artist Run Organisations (AROs) and the contemporary art circuit in Malta.

DAL-BAĦAR MADWARHA

10 March – 1 July 2018

Valletta: Old Examination Centre, *Il-Pixkerija*, Valletta Underground

Between spring and summer 2018, curator Maren Richter brings Valletta 2018's major visual arts exhibition to our European Capital of Culture, with large installations, performances and public interventions taking place in both traditional and unexpected locales across the country. Among the exhibition's star sites is the *Pixkerija* at *Barriera Wharf*, a Grade 2 scheduled building that was built in the 1930's.

Richter is working with more than twenty-five established and emerging artists from fifteen countries –including Malta, France, Austria, Egypt, Germany, Syria, the United Kingdom, Sweden, Ghana, Spain, and Palestine – who are collaborating with local partners around the Islands.

The title *Dal-Baħar Madwarha* is inspired by a quote from the work of philosopher Gilles Deleuze, 'The island is what the sea surrounds'. This sets the tone for newly commissioned and existing pieces that explore the idea of "islandness" in playful and critical ways. It's an artistic journey through the contemporary realities of the Maltese Islands, placing at their helm the Islands' relationship with their closest neighbour – the Mediterranean Sea.

Il-Belt Valletta: l-Ċentru l-Antik

(Valletta Underground)

Fis-sena ddedikata għall-Belt Kapitali Ewropea tal-Kultura, bejn ir-rebbiegha u s-sajf 2018, il-kuratriċi Maren Richter se ggħib l-esibizzjoni ewlenija tal-arti viżiva għal Valletta 2018 b'installazzjonijiet kbar, rappreżentazzjonijiet u interventi mill-pubbliku li jsiru kemm f'postijiet tradizzjonali kif ukoll f'lokalitajiet oħra mhux wisq magħrufa madwar il-pajjiż. Fost is-siti ewlenin għall-esibizzjoni, hemm il-Pixkerija, binja skedata tat-tieni Grad mibnija

kmieni fis-snin 30 tas-seklu li għadda, f'Xatt il-Barriera.

Richter qed taħdem flimkien ma' aktar minn 25 artist stabbilit u oħrajn li qed jevolvu minn 15-il pajjiż – li jinkludu lil Malta, Franza, l-Awstrija, l-Eġittu, il-Ġermanja, is-Sirja, ir-Renju Unit, l-Iżvezja, il-Ghana, Spanja u l-Palestina – li qed jikkollaboraw ma' msieħba lokali madwar il-gżejjer. It-titlu *Dal-Baħar Madwarha* huwa ispirat minn kwotazzjoni mix-xogħol tal-filosfu Gilles Deleuze,

c. Maren Richter

c. Ali Tollervey

The exhibition re-traces borders, imagining new geographies that view the sea as fluid and transformable rather than another physical barrier between people, places and culture.

In Richter's words:

The multi-site programme invites international and Maltese artists to recast and respond to current and past urgencies and challenges, in which the Mediterranean Sea plays a significant role [...] The island is a mode of pausing, familiarised by a certain romanticism. Whereas the sea looms large in the language of our imaginations; it is a site of reflection, voyage, and volatile freedom.

In the light of such thought-provoking inquiries, the exhibition explores the identity of our Islands within a wider global context, bringing creative, social and political visions of the Mediterranean to light through the region's most iconic and enduring image: the deep blue sea.

"The island is what the sea surrounds" – "Il-gżira hija dik imdawra mill-baħar". Dan ifassal il-mod ta' tmexxija ta' siltiet li jkun għadhom kemm ġew ikkummissjonati u oħrajn eżistenti li jesploraw il-hsieb ta' stat ta' gżira b'modi divertenti u kritiċi. Huwa vjaġġ artistiku mnebbah mir-realtà tal-Gżejjer Maltin, fejn fuq quddiem hemm ir-relazzjoni tal-gżira mal-eqreb ġar – il-Baħar Mediterran. L-esibizzjoni tfassal mill-ġdid fruntieri, timmagina ġeografiji godda fejn il-baħar

jidher fluwidu u mibdul aktar milli ostaklu fiżiku iehor bejn in-nies, il-postijiet u l-kultura.

Fi kliem Richter:

Il-programm mifruq madwar postijiet differenti jistieden artisti internazzjonali u Maltin biex ifasslu u jwieġbu għall-urġenzi u l-isfidi attwali u tal-imghoddi, fejn ir-rwol tal-Baħar Mediterran huwa sinifikanti [...] Il-gżira hija mezz ta' waqfien, familjarizzata b'ċertu romantiċizmu.

Filwaqt li l-baħar huwa simbolu fil-lingwa tal-immaginazzjoni tagħna; huwa post ta' riflessjoni, vjaġġ u hellsien volatili.

Fl-isfond ta' hsbijiet li johlqu riflessjonijiet provokanti bħal dawn, l-esibizzjoni tesplora l-identità tal-Gżejjer tagħna f'kontest globali usa', billi titfa' dawl fuq vizjonijiet kreattivi, soċjali u politiċi tal-Mediterran permezz tal-aktar dehra ikonika u dejjema: il-baħar fond kahlani.

UTOPIAN NIGHTS

May 2018 // July & August 2018 // December 2018

Public Spaces in Valletta

c. Jacob Sammut

Utopian Nights aims to bring together artists, thinkers and the public to discuss important social issues related to four themes: displacement, borders, encampment and the rise of global commons. It's a series of four evenings that allows for dissensus, where 'Utopia' is a democratic space. It creates a platform for discussion where the starting point is the work of art. The idea is that Utopia is not for dreamers, the lazy escapist or for people who like heroic fantasies – it's a participatory project that searches for alternatives, inside which everyone may debate, challenge and be challenged. Each Night will culminate with a joyful social gathering, providing the participants with opportunity to get together.

SQUARE

June – July 2018

Various Sites in Malta & Gozo

c. Lisa Rastl

This project encourages viewers to interpret contemporary social realities through architecture and the concept of overcrowding, in relation to the buildings, areas and territories available. Square is the brainchild of artists Willie Dörner and Lisa Rastl, whose work often incorporates architectural motifs and societal issues. The artists were immediately struck by Malta's high population density, which serves as the starting point for Square.

Thirty-six members of the public form six lines and six rows across various locations in Malta and Gozo. This diverse group will be dressed in simple black and white, their bodies representing a basic unit of measure as they interact with their surroundings. Valletta 2018's programme is hosting images of these creations, which are designed to elicit thoughts about the future of our fast-growing urban population.

SUBTERRANEAN MATTER

August-September 2018

St James Cavalier, Valletta

c. Plan3D Berlin

The mysterious connections that Malta and Leeuwarden, The Netherlands, stow away beneath the earth's surface come to light thanks to this intriguing visual art exhibition and short documentary by Leanne Wijnsma. The work treats modern digital resources as the Earth's natural networks of dirt and waters – a large pool of information connecting spaces, places and people. Subterranean Matter captures and recreates hard-to-access underground spaces using 3D technology: the fifteenth century cisterns beneath Valletta's Law Courts, Valletta's World War II war rooms, a Cold War bunker in the centre of Leeuwarden and twenty-first century aqueducts in Friesland. Visitors can crawl into the digitised tunnels, map the stones and soil and even smell the humidity. Part of the work is a short documentary named *The Diggers*, a showcase of stories from Maltese subterranean places that premieres with the exhibition.

CONSTELLATION MALTA

October – December 2018

Various locations across Malta & Gozo

c. VEGA - Photographer: Eulalia Valdósera

Curator Rosa Martinez, first female director of the Venice Biennale in 2005, brings an experimental and multi-disciplinary project to generate dialogue about contemporary art and popular culture in public spaces and heritage sites all over the Maltese archipelago. A series of site-specific interventions, performances and exhibitions shed new light on megalithic sites like Haġar Qim, the fortified cities of Mdina and the Citadel, and other historical and popular venues on the Islands. Just as celestial constellations were shaped to provide orientation, the artistic interventions in Constellation Malta will propose points, routes and new itineraries to navigate the local crossover of social, political, economic and artistic contexts. Moving from the local to the cosmic, the project will address the complexities of our contemporary world.

The studio of artist Jonas Staal is collaborating with the European Graduate School (EGS) and the National Library of Malta to develop a new kind of public space where artists, radical thinkers and diverse local communities turn knowledge into cultural action. Inside the library, an installation designed by Studio Jonas Staal proposes a setting built to support new models in dissemination and experimental public education. The once fortified island of Malta thus provides the perfect background for such a 'de-fortification' of knowledge: over a period of one month, the public programme of the EGS introduces some of the most respected thinkers of our time to the island, contributing a publicly accessible video archive of all presentations to the National Library of Malta.

L-istudjo tal-artist Jonas Staal qiegħed jikkollabora mal-Iskola Ewropea tal-Gradwati (EGS) u mal-Biblijoteka Nazzjonali ta' Malta biex ikun żviluppat tip ġdid ta' spazju pubbliku fejn artisti, hassieba radikali u komunitajiet lokali diversi, jaddattaw l-gharfien f'azzjoni kulturali. Fil-librerija, se jkun hemm installazzjoni disinjata mill-istudjo ta' Jonas Staal biex jinbena qafas li jappoġġja mudelli godda fit-tixrid u fl-esperimentazzjoni tal-edukazzjoni pubblika. Għalhekk, dik li darba kienet

il-gżira ffortifikata ta' Malta mingħajr ebda kuncett ta' gens, issa jipprovdni l-isfond perfett għat-thattih ta' din il-fortikazzjoni ta' għarfien: fuq perjodu ta' xahar, il-programm pubbliku tal-Iskola Ewropea tal-Gradwati se jwassal f'din il-gżira xi whud mill-aktar hassieba rispettabbli ta' żmienna u se jikkontribwixxi għall-arkivju ta' vidjows permezz tal-preżentazzjonijiet kollha tagħhom. Dawn il-vidjows se jkun accessibbli għall-pubbliku fil-Biblijoteka Nazzjonali ta' Malta.

Spazju Kreattiv (Upper Galleries), Valletta

Vanishing Valletta brings together a collection of 189 images that have never been exhibited in their entirety to Valletta 2018; it's the fruit of an exhaustive photographic essay on the port city of Valletta and the surrounding Grand Harbour that began in 1982. The exhibition is part of A Tale of Two Cities – a cross-cultural photography exhibition by artist and photographer David Pisani, whose work explores architectural poetry as a metaphor for the human condition. Pisani's work has been exhibited at the prestigious *Biennale of Photography* in Paris in 1996 and was entered in the Permanent collections of the *Bibliothèque Nationale de France* in June 2000.

Since 2013, this series of site-specific exhibitions curated by Bettina Hutschek has been popping up in diverse public spaces on the Maltese Islands. FRAGMENTA operates without a fixed physical space, offering the public a chance to engage with art and some of the most relevant social issues of our time through a series of pop-up events. In January 2016, FRAGMENTA teamed up with Valletta 2018 and is now hosting four larger events as part of our European Capital of Culture. From an exhibition showcased on billboards to an urban intervention on a long staircase in Senglea and interactive pieces that ask visitors to leave their mark on the exhibition – FRAGMENTA seeks to redefine not only what art is, but what humans can do.

Empowering, moving, liberating; music can help us to connect with our communities – as well as our most powerful selves. The Sounds Out Loud series works with young people with different abilities and their caregivers to discover valuable creative tools for self-development. Music therapist Rosetta Debattista, Senegalese musician and peace-maker Mousse Ndiaye and the San Miguel Primary Education Resource Centre collaborate on this innovative programme that uses the sound of the djembe to elicit powerful community sounds and rhythms. Over the course of three years, Sounds Out Loud has expanded its outreach, offering its resources to diverse communities; the project also acts as a platform for local percussionists to expand their skills. As part of our European Capital of Culture celebrations, Mousse Ndiaye will lead a final collaborative performance by participants and professional percussionists.

BODIES IN URBAN SPACES

10 & 11 November 2018

Mellieha

A city has many stories to tell and each one has many sides: what's it like to walk through our cities during the day or in the dead of night? Do the roads to work, home and play make travel a breeze or a chore? Bodies in Urban Spaces is all about making young people aware of the way we interact with public space. Through a series of urban interventions, this project transforms city spaces with a series of obstacles mounted at various times of day. Irritation and amusement provoke a physical and emotional reaction, prompting participants to reflect on the rules, restrictions and possibilities of the city. The interventions themselves are temporary, but the imprint left on memory persists, establishing a stronger relationship between citizens and their neighbourhoods.

The project engages youths via two strands: the first uses workshops to guide secondary and sixth form students through non-linear approaches to performance and other aspects of theatrical production. The second strand is a special edition of the project developed especially for our European Capital of Culture year, where a select group of Maltese young adults team up with international mentors to create a devised performance for children based on the theme Island Stories. The resulting performance will be shared with local audiences in collaboration with *Žiguzajg*, while the valuable experiences of the performers contribute to future workshops with students.

This innovative project encourages middle school students to explore the relationship between music and architecture in fun and accessible ways. The programme introduces classes to key concepts in both disciplines through a tour of the school's locality, followed by a hands-on approach that explores space and sound during the workshops. Participants are then encouraged to compose unique soundscapes based on the urban landscapes explored. These soundscapes are then shared with other participating schools, which interpret each other's locality through the creation of art installations. By the end of KantaKantun, participants take away a holistic approach to learning that helps them with their listening, observation, communication within a team setting, planning and creation, and finalising their ideas. An art installation inspired by the students who have participated in *KantaKantun* over the years will then be set up in Valletta as part of the *Žigužajg Festival*.

Spanning Qrendi to Rabat

c. Thomas Aulin

This multidisciplinary performance project about youth and community empowerment brings professional and non-professional dancers of all ages together in unusual and 'invisible' locations all over the Maltese Islands. Creator of the Dorky Park dance company, Constanza Macras, encourages viewers to layer real, imaginary, surreal and sublime imagery onto existing spaces to create an experience that is unique to each individual. The resulting pieces blend contemporary dance, parkour, square dancing and a short film to revive or re-imagine the potential of local spaces and places – such as heritage sites – as venues for performance art and community functions.

TUNA LIES I TUNA TRUTH

April - June 2018

c. Stummerer - hablesreiter - Koebe

Sonja Stummerer and Martin Hablesreiter of the art and design atelier Honey & Bunny bring contemporary ethical and sustainable food-sourcing issues to the public in edgy and provocative ways. The truths, untruths, half-truths and conspiracy theories that surround the Maltese and Mediterranean fishing industry inspired them to create the Tuna Lies I Tuna Truth project. This artistic performance is part theatre, part food experience, a pop culture mash-up that's stitched together from fake news items that play with truth, rumour, lie, and identity to provoke open discussion. In the end, a public event will finally bring the whole truth about tuna to the public... Or will it? When it comes to tuna on the Maltese Islands, not all is as it seems...

TUNA LIES I TUNA TRUTH

Minn April sa Ġunju 2018

Sonja Stummerer u Martin Hablesreiter tal-atelier tal-arti u d-disinn Honey & Bunny iwasslu kwistjonijiet tal-akkwist tal-ikel etiku u sostenibbli lill-pubbliku b'modi eċċitanti u provokattivi. Il-veritajiet, in-nuqqasijiet tal-veritajiet, in-nofs veritajiet u t-teoriji tal-kospirazzjoni li ghandhom x'jaqsmu mal-industrija tas-sajd Maltija u Mediterranja kienu ta' ispirazzjoni biex johlqu l-proġett

Tuna Lies I Tuna Truth. Din il-prestazzjoni artistika hija tahlita ta' teatru, esperjenza tal-ikel u kultura *pop* iffurmata minn punti ta' aħbarijiet foloz li jilghabu mal-verità, l-ghajdut, il-ġideb u l-identità biex tipprovoka diskussjoni miftuħa. Finalment, attività pubblika se twassal il-verità kollha dwar it-tonn lill-pubbliku... Jew jista jkun li le? Meta nigu ghat-tonn fil-Gzejjer Maltin, mhux kollox huwa kif jidher...

c. Laika

The visionary Laika theatre group produce strange and sensory performances based on food, taste and smell. Together with Valletta 2018, Laika are co-producing *Cantina*, a performance that engages with Bertolt Brecht's modern classic, *Saint Joan of the Stockyards*. Laika's imaginative team brings their signature theatrical style to play throughout this project, offering an expressive performance that directly engages with its audience; *Cantina* forgoes a literal adaptation of Brecht's modern classic in favour of an inspired, interdisciplinary vision that uses food to look at class, capitalism and the struggles associated with them. Rooted in solidarity, this multi-faceted project also includes workshops designed to explore the diverse food values and customs that our communities hold to heart.

Then she meets the dashing RAF air-ace, Flying Officer Adrian Warburton – and the rest is history! Fondly remembered as "Christina of George Cross Island", Ratcliffe was awarded the British Empire Medal for her services to the RAF. The play stars Polly March, Larissa Bonaci and Geoff Thomas, and features wartime standards like "I'll Be Seeing You" alongside original songs such as "Welcome to Valletta". Staged at the Phoenicia Hotel – the daily view that greeted our heroine from her apartment in Floriana – it promises to be a feast for theatre and music lovers, enthusiasts of Maltese history, and anyone looking for a good show!

Notre Dame Gate, Birgu

c. Alex Kat

In this immersive hybrid performance directed by Elli Papakonstantinou, visuals, music, text and interviews unite to form a "Baroque pastiche" that's rife with passion, innocence, gambling and mistrust. *Kažin Barokk* plays with many sources, including Regnard's *The Gamester*, Pushkin's *The Queen of Spades* and Dostoyevsky's *The Gambler*. As a decadent cast of lovers, saints and sinners go about the maze-like performance, the piece becomes a soul-searching experience that invites contemporary audiences to influence its structure while exploring Valletta's Baroque aesthetic. Collaborations with students, local artists and practitioners create a fluid connection between the Maltese Baroque tradition and contemporary society, between popular and high art.

ORFEO & MAJNUN

19 & 20 October 2018

Mediterranean Conference Centre, Valletta

Drawing on the timeless themes of forsaken love, loss and longing, this interdisciplinary project in two parts connects the Middle Eastern legend of Layla and Majnun and the Greek myth of Orpheus and Eurydice. Orfeo & Majnun is an exciting new retelling expressed through multiple textures; the narration interweaves Maltese, English and Arabic, while the score combines oriental and occidental styles – Dick van der Harst, Moneim Adwan, and Howard Moody. This poetic music theatre also encourages local citizens to take part in creative workshops; under the artistic direction of Martina Winkel and Airan Berg, the first part of the performance celebrates co-creation with associative stories and a cast of animal puppets conceived during workshops. The second part continues to unfold a unique and uniting spectacle, a theatre of emotions.

Teatru Manoel

Opera singers Christian Bowers, Claire Debono and Pauls Putnins in Teatru Manoel's production of *Le Nozze di Figaro*.

Our European Capital of Culture year unveils Teatru Manoel's annual major opera: Mozart's *Don Giovanni*. Directed by Jack Furness, with the Malta Philharmonic Orchestra conducted by Philip Walsh, this new and daring production of the iconic masterpiece is the second of three operas by Wolfgang Amadeus Mozart and Lorenzo Da Ponte that are being produced by Teatru Manoel. Malta's lavish national theatre frames this definitive portrait of a rake, a young libertine whose racy exploits scandalize all who cross his path – until he meets one who cannot be swayed by charisma. In 2019, audiences can look forward to a third production in the series, *Così fan tutte, ossia La scuola degli amanti*.

Teatru Manoel, Valletta

c. Cendrillon Score

Teatru Manoel presents *Cendrillon*, a French opera in three acts by Maltese-born composer, Nicolas Isouard. With libretto by Charles Guillaume Etienne, this charming opera is based on Charles Perrault's classic telling of the folk tale *Cinderella*, and takes the form of an *Opéra-comique* with spoken dialogue between the musical numbers. It was first performed in 1810 and took Europe by storm until the arrival of Gioachino Rossini's *La Cenerentola, ossia La bontà in trionfo* in 1817. Nicolò Isouard was born in Malta in 1773 and died in Paris in 1818. He is known to have studied in Rabat, Palermo and Naples before moving to Paris, where he began his career as a composer. Scholars originally believed that he was of French origin due to his association with the *Opéra comique* of Paris and the pronunciation of his surname. Today, Isouard is considered to be one of the best Maltese composers of his time.

Buskett Gardens, Siggiewi

c. Stephen Buhagiar

Every Summer, this two-day music festival dedicated to traditional Maltese *Ghana*, or folk song, sets up stage in Malta's magical Buskett Gardens. Now in its eleventh edition, the festival strives to expand its reach and repertoire, bringing audiences a fresh set of folk soundscapes from beyond our shores and encouraging creative exchange between local and international artists working in this ever-evolving genre. Nowadays, *Ghanafest* also organizes fringe events with local folk singers and songwriters; with *Ghana* veterans and newcomers touring major village feasts all over the Island, this well-respected festival never rests on its laurels, continuously strengthening its roots and tending to the next generation of folk artists on our Islands.

BEWYLD FESTIVAL

21 - 23 September 2018

Boċċi Club, Gżira

c. Oliver Degabriele

By definition, 'be wild' means 'to be very enthusiastic about something or someone'. 'BEWYLD' is all that and more; a mini-DIY festival devoted to showcasing lo-fi, quirky music. The festival brings together several local and international acts on a new kind of platform, where artists and audiences meet in a friendly, collaborative and creative space. As an event that also does away with the conventional notion of supporting or opening acts, it's a great informal space where established and upcoming musicians and their audiences can connect while enjoying an eclectic platter of musical styles.

THE OTHER EUROPEANS

3 February 2018

St Agatha's Auditorium, Rabat

c. Paweł Mazur

Fourteen leading *klezmer* (Yiddish) and *lautari* (Roma) musicians, unite to lead a multi-cultural experience. Formed and directed by Alan Bern, and funded by a grant from the European Union, this performance presents a supergroup that creates powerful, deeply emotional music. Theirs is a collective sound that restores a centuries-old cooperation between two groups who inhabited the same space in present-day Moldova before being torn apart by war, the holocaust and immigration. Featuring distinguished soloists from seven countries, The Other Europeans – which received the Best Practices in Favour of the Roma Community award from the European Commission – seeks to build new cultural relationships, mainly between two peoples often considered marginally European, but who have played a key role in creating and transmitting European musical traditions.

Over the course of history, people have moved to other countries for many reasons: survival, hunger, persecution, climate change, and a new future. Sometimes they even move for love. Without migration and travel, the Mediterranean wouldn't be what it is today: a region with a rich array of cultural backgrounds and heritage. The Maltese poet Antoine Cassar wrote a poem about this theme, called *Map of the Mediterranean*. This poem moved Malta-based composer Luc Houtkamp and his *POW Ensemble* so deeply that they've created a show around the theme of migration in time for World Refugee Day. As Antoine Cassar recites his own poem, the experimental *POW Ensemble* perform newly composed songs about migration, the Mediterranean Sea and the current refugee crises.

MAP OF THE MEDITERRANEAN

20 - 22 ta' Ġunju 2018

F'Maori, Il-Belt Valletta

Matul l-istorja n-nies iċċaqilqu lejn pajjiżi oħra għal hafna raġunijiet: is-sopravivenza, il-ġuħ, il-persekuzzjoni, it-tibdil fil-klima u ġejjieni gdid. Xi drabi jagħmlu dan saħansitra għall-imhabba. Mingħajr il-migrazzjoni u l-ivvjaġġar, il-Mediterran ma kienx ikun dak li hu llum: reġjun b'firxa rikka ta' sfondi u wirt kulturali. Il-poeta Malti Antoine Cassar kiteb poezija dwar din it-tema bl-isem *Map of the Mediterranean*.

Din il-poezija tant qanqlet lill-kompożitur ibbażat f'Malta Luc Houtkamp u lill-*POW Ensemble* tiegħu li holqu kunċert bit-tema tal-migrazzjoni għall-Jum Dinji għar-Rifuġjati. Waqt li Antoine Cassar ser ikun qed jinterpreta l-poezija tiegħu, il-grupp sperimentali *POW Ensemble* ser idoqq kanzunetti ġodda li kiteb dan l-aħħar dwar il-migrazzjoni, il-Baħar Mediterran u l-kriżijiet attwali tar-refuġjati.

CODE Red is a project spearheaded by local youths, with music acting as a creative vehicle through which they seek to raise awareness about the perils of human trafficking – that's affecting the lives of many vulnerable young people across Europe and the entire world. The participating youths are themselves sound engineers and musicians, each one looking to improve their song writing and vocal skills while promoting musical expression as a language that transcends borders and embraces multiculturalism. The project seeks to make a real difference to young creative practitioners through initiatives that promote social inclusion, youth participation and meaningful exchange between the resident and international music and arts scene.

Music is just one of three important ingredients that contribute to this performance's impact and aftertaste, the other two being the documentary that portrays Claron McFadden's travels – which kickstarted the idea for this project – and food, but not just any food. The iconoclastic star of the show is the aubergine: on the night of the main event, this project lets the audience experience rich aubergine-centred cuisine while enjoying travel stories, a documentary film and live music with influences from many cultures. Along with filmmaker Lisa Tahon, McFadden traces the migration route of the aubergine in reverse, back to its roots in the Far East, where she learns local aubergine recipes and practices traditional songs in multiple households.

15 October 2018

Palazzo de la Salle Courtyard, Valletta

Gilgamesh 5000 is part of a three-year project focusing on the recurrence of cultural tropes in proto-Semitic and Indo-European culture, art and literature – especially the trope of the flood, that brings about the collapse of a given order into disorder. Inspired by the Akkadian Epic of Gilgamesh, Siegfried Kutterer brings his composition, ‘Gilgamesh’, to local audiences. Together with resident musicians, Kutterer – who is classically trained in the European and Carnatic traditions – explores the historical transmission of the Carnatic to the European through North Africa, while interpreting the classical and contemporary forms of its transmission within the eclectic Mediterranean context. His work is accompanied by a video inspired by Monika Beisner’s new illustrations for the Epic of Gilgamesh, a publication by Pratt Contemporary, designed and produced by Carlos Jimenez.

ICON ISLAND – A LIVE BATTLE OF PICTURES AND SOUNDS

17 February 2018

Salesians' Theatre, Sliema

Icon Island is a project by Virgil Widrich, an Austrian filmmaker and director known for his experimental films and multimedia works. The collage of visuals is inspired by films dealing with the mystic and romantic journey to islands representing alternative societies or different states of mind. Questioning local customs and the identity of their visitors, these places can be both a paradise and a threat. Carefully selected visuals – many of which include a connection to Malta and its cinematic history – will be projected as a 'live' mix, accompanied by an improvised electronic music performance by Maltese artist Sonitus Eco. The sounds of the films are re-imagined on the fly, with sound reacting to – or even opposing – the images.

Il-*collage* ta' immaġni viżivi huwa mnebbah minn films li jitrattaw il-vjaġġ mistiku u romantiku lejn għejjer li jirrappreżentaw soċjetajiet alternattivi jew stati mentali differenti. Billi jqajmu diversi mistoqsijiet dwar id-drawwiet lokali u l-identità tal-viżitaturi tagħhom,

MODS COLLECTIVE: MEET CECIL SATARIANO

25 March 2018

Spazju Kreattiv, Upper Galleries, Valletta

The word MODS stands for “Music on D Spot”, which describes the mission of this collective of Portuguese musicians: to create improvised music with intimate connections to moving images in cinema or video. This edition of MODS COLLECTIVE investigates the work of Malta’s cinema pioneer, Cecil Satariano, an award-winning filmmaker of great artistic value whose work is still largely unrecognised in Malta and Europe. Taking as its starting point two short films by Satariano – *I’m Furious Red* and *Giuseppi* – Portuguese and Maltese musicians bring improvisational forms to table, including the local singing tradition of *spirtu pront*. Much more than a soundtrack, this is a piece of music that works symbiotically with cinema, creating a new layer of meaning alongside Satariano’s work.

Din l-edizzjoni ta’ MODS COLLECTIVE tinvestiga x-xoghol tal-pijunier ċinematografiku ta’ Malta Cecil Satariano, direttur tal-films rebbieh ta’ premji artistiki b’valur artistiku kbir li fil-biċċa l-kbira

Billi jiehdu bħala punt tat-tluq żewġ films qosra minn Satariano – *I’m Furious Red* u *Giuseppi* – il-mużiċisti Portugiżi u Maltin ser jintroduċu forum ta’ improvizzazzjoni, inkluża t-tradizzjoni lokali tal-kant spirtu pront. Dan l-avveniment huwa hafna aktar minn *soundtrack*, għax huwa biċċa mużika li taħdem f’simbjożi maċ-ċinema u tohloq saff ġdid ta’ tifsir biswit ix-xoghol ta’ Satariano.

AMALGAMA is an innovative piano and audio-reactive visual performance – a collaboration between pianist Gabi Sultana and visual artist Mark Dingli. They explore minimalistic works by international contemporary composers, such as John Cage, Philip Glass and Benjamin Van Esser, amongst others. During the performance, Sultana's piano sound is fed through Dingli's visuals, which are specifically made for this program, thus creating a homogeneous experience that brings a visual aspect into what is usually a purely listening environment. The result is an immersive experience for music, art and experimental-sound enthusiasts. This project will also include Sultana's piano transcription of a piece by NSI. Tafxnaf gives children a voice through storytelling and film-making, encouraging young people to develop a sense of ownership over creative projects. The project was born out of a collaboration with like-minded institutions in Leeuwarden-Fryslân 2018 and Aarhus 2017. An open call invited students in Form 2 or its equivalent to submit their stories for publication, after which twenty-five submissions were carefully selected for a series of workshops in creative writing and film appreciation taking place in 2017. Chosen participants will encounter innovative ways of telling stories during workshops and some of these stories will even go on to become short films produced by young people. The end results will be showcased during red-carpet film premieres in Malta, Leeuwarden and Aarhus in 2018.

Sir Anthony Mamo Oncology Centre

The Deep Shelter Project is an interdisciplinary residency that analyses the experience of hospitalisation and care in relation to visual art. It merges research within the Psychological Support Services at Sir Anthony Mamo Oncology Centre, with sensory, art-based workshops for terminally ill patients. The project follows the stories that emerge during patients' journeys – experiences that trigger a feeling of being at home, of being understood and sheltered. Resulting visual works are brought into the clinical space, providing a vehicle through which patients can relate that which cannot be expressed through words.

BUILDING INFRASTRUCTURE & NETWORKS

THE INITIATIVES ON OUR CULTURAL PROGRAMME ARE DESIGNED TO EVOLVE AND EXPAND LONG PAST OUR EUROPEAN CAPITAL OF CULTURE YEAR. FOR THIS REASON, VALLETTA 2018 HAS BEEN DEVELOPING INFRASTRUCTURES AND NETWORKS THAT SUPPORT THE GROWTH OF CULTURAL AND ARTISTIC ACTIVITY ON THE MALTESE ISLANDS.

IL-HOLOQIEN TA' INFRASTRUTTURA U NETWORKS ĠODDA

L-INIZJATTIVI FIL-PROGRAMM KULTURALI TAGHNA HUMA DDISINJATI BIEX JEVOLVU U JESPANDU ŻMIEN WARA S-SENA KAPITALI EWROPEA TAL-KULTURA. GHAL DIN IR-RAĠUNI, VALLETTA 2018 ŻVILUPPAT INFRASTRUTTURI U NETWORKS LI JSOSTNU T-TKABBIR FL-ATTIVITÀ KULTURALI U ARTISTIKA FUQ IL-GĠEJJER MALTIN.

The infrastructural development supported by Valletta 2018 relates to the creation of support networks for creative practice as well as the creation and renovation of physical spaces suitable for cultural events. For this reason, a series of festivals and creative networks are being co-produced and promoted internationally throughout the year. Meanwhile, several of Valletta's treasured but underused spaces are also being restored and renovated for use by the culture sector and existing platforms are also receiving vital makeovers that make them more accessible to diverse audiences.

The **Valletta Design Cluster** shall be housed in *il-Biċċerija Antika*, or the Old Abbatoir site, on St Christopher Street corner with Bull Street, Valletta. The site is being transformed into a hub for community and economic development thanks to the support of the European Regional Development Fund and is projected for completion in April 2019. With a focus on design activity in Malta and Gozo, this platform will provide space and support for design practices and creative start ups and organisations, while forging connections with creative collaborators and urban regeneration projects overseas.

L-iżvilupp infrastrutturali sostnut minn Valletta 2018 jirrelata kemm mal-holqien ta' networks t'apport għal prattiki kreattivi kif ukoll mal-holqien u r-rinnovazzjoni ta' spazji fiżiċi adegwati għal avvenimenti kulturali. Għal din ir-raġuni, serje ta' festivals u networks kreattivi qed jiġu koprodotti u rreklamati internazzjonalment matul is-sena. Sadanittant, bosta spazji miżmuma tajjeb iżda li ma kinux jintużaw daqstant

qed jiġu restawrati u rinnovati wkoll biex jintużaw mis-settur kulturali, flimkien ma' pjattaformi eżistenti li wkoll qed isir ilhom tibdil vitali sabiex ikunu aktar aċċessibbli għal udjenzi differenti.

Il-**Valletta Design Cluster** ser tkun stazzjonata fil-Biċċerija l-Antika li qeghda fi Triq San Kristofru kantuniera ma' Triq il-Ġendus, il-Belt Valletta. Is-sit qed jiġi ttrasformat f'ċentru għall-iżvilupp ekonomiku

u tal-komunità grazzi għall-apport mill-Fond Ewropew għall-Iżvilupp Reġjonali u mistenni jitlesta f'April tal-2019. Iffukat fuq l-attività tad-disinn kemm f'Malta kif ukoll f'Għawdex, dil-pjattaforma ser tipprovi spazju u appoġġ lil prattiki tad-disinn u lil negozji godda u organizzazzjonijiet kreattivi, waqt li jinholqu u jissahhu konnessjonijiet ma' kollaboraturi kreattivi u proġetti ta' riġenerazzjoni urbana lil hinn minn xtutna.

The project combines research and policy initiatives with education, awareness building and industry support that contribute to social and economic improvements on the Maltese Islands and which shall have a positive impact that lasts long past the year 2018.

MUŻA, the new Museum of Fine Arts, will relocate to the Auberge d'Italie, a historic building dating back to the late sixteenth century and which was once used as the seat and residence of the Italian knights of the Order of St John. The Auberge will be converted into a modern museum space that makes the national art collection more accessible to visitors through careful curation, design and the widespread activities related to **Naqsam il-MUŻA**. Throughout this community-centred project, community representatives from different localities select works from the national collection, to be reproduced in various community spaces.

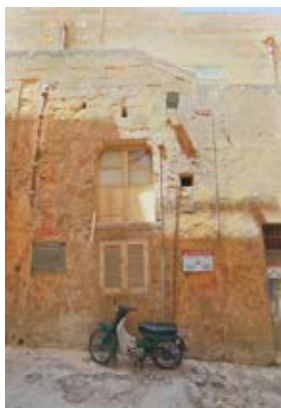

Within the ambit of the Cultural Mapping project, Valletta 2018 conducted an exploratory research study, commissioned by Arts Council Malta, into theatre spaces across the Maltese islands. The outcome was **'Spazji Teatrali - A Catalogue of Theatres in Malta and Gozo'**, a comprehensive and visual audit of theatrical spaces, providing artists and creative practitioners with valuable information about theatre and performance spaces available across Malta and Gozo.

Il-proġett jgħaqqad flimkien inizjattivi ta' riċerka u ta' politika mal-edukazzjoni, mal-holqien ta' kuxjenza u mal-appoġġ industrijali li jikkontribwixxu għal titjib soċjali u ekonomiku fuq il-Gżejjer Maltin u li għandhom iħallu impatt pożittiv li jibqa' għal żmien twil wara s-sena 2018.

MUŻA, il-MUŻew Nazzjonali tal-Arti l-ġdid, ser jitmexxa għall-Berga tal-Italja, bini storiku li jmur lura lejn l-aħħar tas-seklu sittax u li kien jintuża bħala s-sede u r-residenza

tal-kavallieri Taljani tal-Ordni ta' San Gwann. Darba mużew, l-ispażju modern fil-Berga ser jipprovi lill-viżitaturi aċċessibiltà akbar għall-kollezzjoni nazzjonali tal-arti permezz ta' kuratura bir-reqqa, disinn u attivitajiet mifruxa relatati ma' **Naqsam il-MUŻA**. Matul dan il-proġett imdawwar mal-komunità, rappreżentanti tal-komunità minn lokalitajiet differenti jagħzlu xogħlijiet mill-kollezzjoni nazzjonali biex jiġu riprodotti f'diversi spazji tal-komunità.

Fi hdan l-ambitu tal-proġett **Cultural Mapping**, Valletta 2018 wettqet studju ta' riċerka esploratorja, ikkummissjonat mill-Kunsill Malti għall-Arti, dwar l-ispażji teatrali madwar il-Gżejjer Maltin. Ir-riżultat kien **'Spazji Teatrali - A Catalogue of Theatres in Malta and Gozo'**, analiżi komprensiva u viżwali tal-ispażji teatrali, li ttiprovdi lill-artisti u lill-prattikanti kreattivi b'informazzjoni dwar l-ispażji tat-teatri u tal-prestazzjonijiet disponibbli madwar Malta u Għawdex.

L-**Strada Stretta Concept** ta nifs gdid lill-hajja fi Strada Stretta, wahda mill-aktar inhawi popolari fil-Belt Valletta. Maghrufa għall-hajja notturna li kienet tgawdi minnha, it-triq u l-inhawi tagħha regghu hađu l-hajja grazzi għal programm varjat t'avvenimenti kulturali u attivitajiet artistici żviluppati taht id-direzzjoni artistika ta' Giuseppe Schembri Bonaci. L-attivitajiet jinkludu esibizzjonijiet, produzzjonijiet teatrali, seminars, simpożji,

The **Strada Stretta Concept** has breathed new life into Strait Street, one of Valletta's most famous areas. Once known for its animated night life, the street and its surrounding areas are alive once again thanks to a varied programme of cultural events and artistic activities developed under the artistic direction of Giuseppe Schembri Bonaci. Activities include exhibitions, theatre productions, seminars, symposia, talks, street theatre, jamming sessions, outdoor concerts, fashion shows, networking meetings with artists and poetry and literature evenings.

The regeneration of the Victorian era structure affectionately known as '**Is-Suq**', located in Merchants Street, will see the outdoor market become active again. The restored market will not only sell fruit and vegetables, but also host cultural activities. Also set to be restored in time for our European Capital of Culture celebrations are some of Valletta's most iconic landmarks, including the **Triton Fountain** at City Gate, the **Jesuit Church** and **Castellania Palace** (the Ministry for Health) in Merchants Street, **Palazzo Buttigieg-Francia** in Republic Street, and the **Civil Sports Club** in Archbishop Street.

taħditiet, teatru tat-triq, jamming sessions, kunċerti għall-apert, esibizzjonijiet tal-moda, laqgħat ta' networking m'artisti u ljieli ta' qari poetiku u letterarju.

Ir-rigenerazzjoni tal-istruttura Vittorjana fi Triq il-Merkanti maghrufa sew bhala Is-Suq, hija mahsuba biex is-suq tat-triq jerga' jara l-attività li kellu darba. Darba rrestawrat, **is-Suq** mhux ser ikollu għall-bejgh frott u haxix biss, iżda

ser ikun qed jospita attivitajiet kulturali wkoll. Il-**Funtana tat-Tritoni** barra Bieb il-Belt, il-**Knisja tal-Ġiżwiti** u **Palazzo Castellania** (il-Ministeru tas-Saħħa) fi Triq il-Merkanti, **Palazzo Buttigieg-Francia** fi Triq ir-Repubblika, u s-**Civil Service Sports Club** fi Triq l-Arcisqof huma whud mill-aktar postijiet ikoniċi fil-Belt Valletta li għandhom jiġu rrestawrati fil-hin għaċ-ċelebrazzjonijiet tal-Kapitali Ewropea tal-Kultura.

c. Darrin Zammit Lupi

Through the increased importance which Arts Council Malta (ACM) has given to the arts and culture, and via greater collaboration between public cultural organisations and more targeted funding programmes, Malta's creative ecology will continue to develop and reach higher levels of excellence. In line with ACM's Create 2020 Strategy, the Valletta 2018 programme nurtures creative potential and professional development while providing thousands of opportunities for people to engage with culture and creativity. The programme also links Maltese artists and audiences to international communities through exchanges, collaborations, and residencies. ACM's support towards the Valletta 2018 project and the strong synergy between Cultural Programmes and policy will ensure a strong legacy that is felt long after 2018.

SEE YOU IN 2019!

Our tenure as European Capital of Culture may only last twelve months but the coming of the New Year won't mean goodbye.

Valletta 2018 is a catalyst for change, a transformative moment for the arts and culture on our Islands that drives us to keep the creative fire alive – through new and ongoing projects, research, feedback and continuous dialogue. For making this dream possible the Valletta 2018 Foundation wishes to thank all its dedicated partners, contributors, artists, volunteers and audiences, who supported the Cultural Programme from kick-off to closure – Valletta 2018 wouldn't have been possible without you!

In 2019, the Foundation will devote its energies to exploring and building upon the cultural, social and economic legacy of the European Capital of Culture. In this light, the networks and relationships forged between the programme's early days and its final bow at the end of 2018 are just the beginning. They're the springboard to a dynamic cultural scene that has the power to evolve, expand and thrive for years to come.

NARAWKOM FL-2019!

Veru li l-mandat taghna bhala Kapitali Ewropea tal-Kultura huwa biss ta' tnax-il xahar, iżda mas-Sena l-Gdida ma jfissirx li ser jieqaf kollox.

Valletta 2018 ser isservi ta' katalist għall-bidla, mument ta' trasformazzjoni għall-arti u l-kultura fuq il-Gżejjer taghna li jhegġgħna nkomplu nsahhu l-kreattività – permezz tal-proġetti diġà eżistenti u oħrajn ġodda, ir-riċerka, ir-rispons u

d-djalogu kontinwu. Il-Fondazzjoni Valletta 2018 tixtieq tiringrazzja lill-imsieħba, lill-kontributori, lill-artisti u lill-voluntiera li hadmu bi hgarhom biex din il-holma ssir realtà, u lill-udjenzi kollha li kienu ta' appoġġ għall-Programm Kulturali mill-bidu sal-aħħar – minghajrkom, Valletta 2018 ma kinitx tissarraf f'dan is-suċċess!

Fl-2019, il-Fondazzjoni ser tiddeika

l-enerġiji taghha biex tesplora u tibni fuq il-wirt kulturali, soċjali u ekonomiku tal-Kapitali Ewropea tal-Kultura. Fid-dawl ta' dan, in-netwerks u r-relazzjonijiet li nholqu bejn l-ewwel jiemi tal-programm u l-aħħar tislma fi tmiem l-2018 huma biss il-bidu. Dawn ser jissarrfu fl-ispinta mehtieġa għal xena kulturali dinamika li jkollha s-sahha tevolvi, tespandi u tiffjorixxi fis-snin li ġejjin.
